

Coshocton City Schools

Busing Scenarios for 2020-21 (based on data from 2019-20)

We currently have 6 drivers who run HS and CES routes.

We have 1 driver who runs a HS route and Hopewell route.

Average current route time is 4.25 hours (HS and CES combined)

*Increasing eligibility distance to 1.5 or 2 miles requires board approval

*eligibility cannot be reduced after start of school year

Scenario 1:

All students face to face and busing **beyond 1 mile** with approximately **24 students** per bus:

HS would require the 7 drivers to make 2 runs a.m. and 2 runs p.m.

Approximate time: **Total of 2 hours 20 minutes a.m. and p.m.** (includes sanitizing)

CES would require the 6 drivers to make 4 runs a.m. and 4 runs p.m.

Approximate time: **Total of 4 hours 20 minutes for a.m. and p.m.** (includes sanitizing)

Scenario 2

All students face to face and busing **beyond 1.5 miles** with approximately **24 students** per bus:

Note: This would eliminate approximately 20 bus stops, affecting approximately 165 of 370 HS busers and 200 of 575 CES busers.

HS would require 7 drivers to make 1 run a.m. and 1 run p.m.

Approximate time: **Total of 1 hour 10 minutes for a.m. and p.m.** (includes sanitizing)

CES would require 6 drivers to make 2 runs a.m. and 2 runs p.m.

Approximate time: **Total of 2 hours 20 minutes for a.m. and p.m.** (includes sanitizing)

Scenario 3

All students face to face and busing **beyond 2 miles** with approximately **24 students** per bus:

This scenario would virtually eliminate all busing except a couple of stops on the North Corridor of the city, ex: N. 2nd St. and Chestnut Crossing.

Scenario 4

Transporting **1/2 of students** face to face and busing **beyond 1 mile** with approximately **24 per bus**:

Scenario 4 would look like scenario 2

Scenario 5

Transporting **1/2 of students** face to face and busing **beyond 1.5 mile** with approximately **24 per bus**:

HS and CES buses would be 1 run a.m. and 1 run p.m. with potential for less than 24 students on a bus.

Approximate time: **HS: Total of 1 hour 10 minutes for a.m. and p.m.** (includes sanitizing)

CES: Total of 1 hour 10 minutes for a.m. and p.m. (includes sanitizing)
