RE: District Intent to Proceed with Classroom Facilities Assistance Program – Segment 2

Dear Superintendent Hire:

This letter follows up on previous Ohio Facilities Construction Commission Planning staff communication regarding the timing for state funding of your district's project. There are more than 90 districts in active planning for OFCC programs and the demand far exceeds our ability to fund projects in this capital budget cycle. Your school district's project is one of several that has the potential to be offered funding in July 2021. A critical piece of our planning is whether your district is ready and able to move forward in 2021 if funding is available.

To assist in our ability to evaluate potential funding offers, we request you to reaffirm your district's intention to proceed with a school construction project if offered. Attached is a "District Intention Form" to officially notify us of your district's determination to move forward should funding be available. **We request that you return this intent form via DocuSign no later than March 21, 2021.**

If your district does intend to move forward, I ask that you work closely with your OFCC Planning Manager to ensure that your district is using the most current master facilities plan information. If districts with a higher priority ranking such as yours decide to defer, we can offer this opportunity to another district.

Below is a summary of the deadlines for the next few months leading up to the July Commission meeting:

March 21:	District Deadline for Intent to Participate Forms
March – April:	District works with OFCC planner to select best option for Master Facility Plan and finalize Scope decisions.
April:	OFCC Apply OSDM Cost Update
April:	Final Editing and Quality Control of Master Facility Plans
April - May:	Completion by OFCC of the Notice of Conditional Approval Documents Including Resolution to Participate (Includes scope and budget for the project)
May - June:	District Adoption of the Resolution to Participate
June 10:	Deadline for District to Submit Resolution to Participate for Commission Approval
July 8:	Commission Meeting Seeking Approval

I know that these are challenging times for all our communities, and that there are many issues affecting the financial planning of school districts in Ohio. I appreciate your thoughtful attention to the timing of your project, and your communication back to us. Please let your Planning Manager or me know if you have any questions or concerns.

Sincerely,

DISTRICT INTENT FORM

Classroom Facilities Assistance Program – Segment 2

School District Name: **Coshocton City School District**

County: **Coshocton**

Please indicate one of the following:

☐ My school district **WILL ACCEPT** OFCC funding if offered to move forward for **July 2021** Commission approval.

☒ My school district **WILL NOT ACCEPT** OFCC funding and does not wish to prepare for a facility project for Commission approval in **July 2021**. Please **DEFER** my project until the requested Commission approval date (please indicate month and year for possible approval consideration):

☐ July _____ 20__22
(month)

☐ My school district **WILL NOT** participate under current law but would like to revisit if there is a law change. Please explain in more detail:

If you are unsure about your response, please contact your OFCC Planning Manager as soon as possible to discuss what is required to obtain a decision.
