

Memorandum of Understanding

November 2021

The parties signed below set forth this Memorandum of Understanding detailing their agreement.

The parties hereby agree that the Coshocton City School District will pay the invoices for Bancroft Park, Himebaugh Park and Hall Park from Lonestar Fire Protection & Security, LLC. for equipment and installation as part of the Broadband Connectivity Grant. The invoices are attached hereto.

Both parties agree this will have a significant impact on residents, specifically school aged children in the City of Coshocton. Coshocton City Schools have been forced to engage in remote learning because of COVID 19 and it is more important than ever for everyone to have access to internet.

The payment of the invoices will allow internet access to many school aged children that have been and will be affected by COVID 19.

Mark Mills, Mayor
City of Coshocton
