Hello,

After a great deal of thought, I have made the difficult decision to resign from my position as an Educational Assistant, effective December 4th, 2026. This has been an incredibly difficult decision for me to make as I truly love my job, and specifically my position alongside the students and coworkers I've got to work with. I am truly grateful for the opportunity to have been part of this school. I will always be grateful for the experiences, relationships, and memories I have made during my time here as an aide in the MC classroom. My decision to resign is solely due to newly becoming a mother and needing to prioritize my baby and my family during this season of life. I have genuinely loved being an Educational Assistant, and leaving a position that means so much to me makes this decision especially difficult. However, I would love to remain connected to the school and have the opportunity to be a substitute. This gives me the opportunity to remain connected with the coworkers and students who I've built relationships with around a schedule that works for me as being a new mother. I hope I can continue to be a part of the school community in that capacity in the very near future, and would be very grateful to step in that new position. Thank you for your understanding, support, and for allowing me to have the great time that I did while employed as an aide.

With sincere gratitude,
Shaylee Ackley
